TOPAS

Quorion Topas

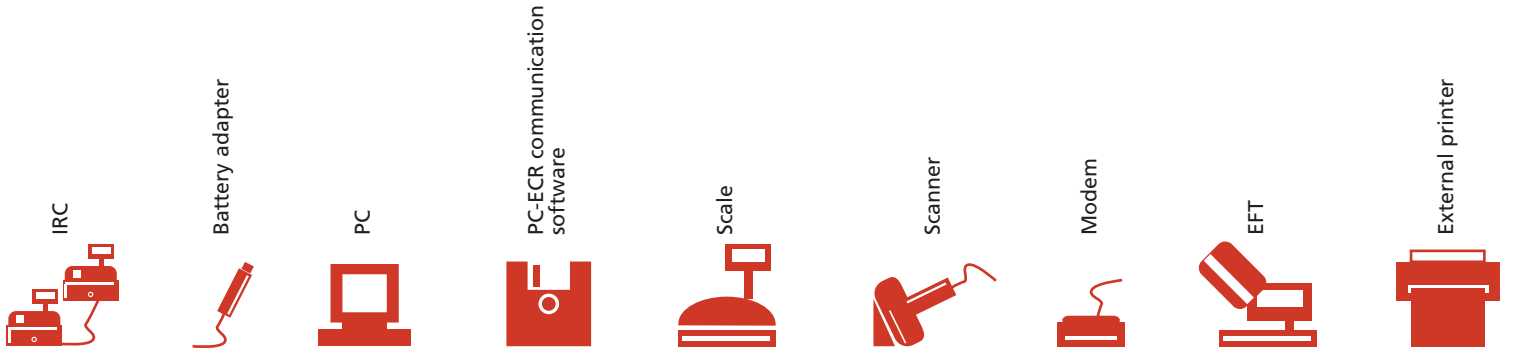

We have specifically designed the exclusive Quorion Topas for trendy shops, clubs, and restaurants. It can function as a retail and hospitality system. No other manufacturer can offer you a sleek cash register like the Quorion Topas. The cash register is only 6 cm high and weighs a mere 2 kg! Its housing is polished steel, which gives it enough weight to stand solidly in place. The small footprint rounds out the elegant design. Whether you need a special POS system for your boutique or a network of cash registers for your night club, the Quorion Topas will meet the challenge.

...designed to succeed
